HOW CAN WE HELP?

ACCELERATED WINTER GRANT PROGRAM

for the benefit of local charities and not-for-profit agencies
to support their COVID-19 challenges

Blue Mountain Village Foundation (BMVF) knows that COVID-19 continues to cause great challenges within our community, increasing the demands on families, health care teams, essential workers, businesses and our local charitable organizations who are responding as best and as fast as they can. Following our Accelerated Spring Grant Program which identified and supported immediate needs in the wake of COVID-19, our local sector partners have identified 5 key social challenges that are impacting our communities wellbeing and health at this point in time. They include:

- **Mental Health Challenges**
- **Food access & food security gaps**
- **Job losses and financial stress**
- **Access to housing availability**
- **Diversity, inclusion and anti-racism education**

This is why we are launching our second Accelerated Grant Program with streamlined criteria and a desire to donate funds to organizations that need support right now

APPLICATION PROCESS DETAILS
