

# ELECTION 2022

**Elizabeth Marshall, Candidate for Mayor  
of the Town of the Blue Mountains**

Dear Voter:

Thank you for taking the time to read this. Yes, it is long but I want to be open with the residents, of this community, so you know who I am and what I stand for. I would like to announce my candidacy for Mayor of the Town of the Blue Mountains. I would also like to take this opportunity to thank the many who signed my nomination papers. It seems they agree that there may be something missing throughout our community. It also seems they have placed their faith in me.

Having various sides of my family settle in this area, before Confederation, my family roots are strong here. My grandfather was a school board trustee from Gibraltar and it was my parents who built the Gibraltar general store and gas station in 1952.

That said, I did go to work in the big city, for an international corporation, for a number of years. That is where I gained my appreciation for green-spaces, traffic flow, and, to some degree, controlled development. There is one thing, though, that still sticks with me. When commuting home (and yes, this area, was/is still "home"), it was always the sight of the Mountain that told me I was home.

Who am I and why would I be want to run for Mayor of the Blue Mountains?

Presently, I am the President of All Rights Research Ltd., and do Legal, Legislative, and Historical Research for various Law Offices, as well as for MPs, MPPs, Municipal Councils, and Municipal Officials. I am not a lawyer and do not give legal advice. Based on the many reports and articles I have done, some elected officials have quoted and acknowledged my work in the House of Commons and Queen's Park. I am the Director of Research for Ontario Landowners Association. In October of 2020 I was elected as Chairperson of the Canadian Justice Review Board. Over the past decade and a half, I have been invited as a guest speaker at various functions, including at the University of Guelph, on more than one occasion.

And why do I want to be Mayor. I would like to bring forward, to Council, the many suggestions I have heard over the past 4 years and ask Council to assist me to help the residents, of our community, to grow and prosper.

What are my values?

I believe in justifiable laws. I do not believe that government needs to micro-manage every aspect of an individual's life. The majority of people are good people who care about their fellow human beings. They don't want to harm anyone and just want to live their lives, in a fulsome way, participating in their neighborhoods and this community.
